WORK EXPERIENCE

Data Analyst / Operations Support

2024 – 2026

ISS-STOXX Philippines

- Provide high-level administrative and data support for governance and compensation operations, maintaining dataset accuracy and compliance.
- Perform data audits, reconciliation, and quality control checks across multiple systems to eliminate discrepancies.
- Collaborate with cross-functional teams to resolve operational roadblocks and streamline daily reporting workflows.
- Create and update standard operating procedures (SOPs), workflows, and documentation to standardize internal processes.

Real Estate Virtual Assistant & Transaction Coordinator

2021 – 2024

Cyberbacker (Texas)

- Delivered comprehensive administrative support to real estate agents, managing end-to-end transaction coordination, document tracking, and MLS listings.
- Ensured 100% compliance and accuracy in document handling using DocuSign, KW Command, and real estate software under strict deadlines.
- Coordinated with third-party vendors for property photography, marketing collateral, and daily report distribution.
- Managed social media channels (Instagram) by designing and publishing content for new property listings and team milestones.

General Virtual Assistant & Copywriter

2018 – 2021

Akads Writing Philippines

- Managed daily administrative operations, including client inquiries, calendar scheduling, email management, and database entry.
- Authored well-researched copy for client articles, blogs, academic papers, and promotional materials.
- Maintained brand presence across digital platforms through active content creation and social media management.

Mobile Game Developer (Freelance)

Oct 2021 – Apr 2022

Baschem & Periodic Dart Game

- Designed and developed educational mobile games, overseeing UI/UX design, game mechanics, and project execution.
